XP SPORTS TRAVEL “Follow me, I know where I am going”

Our experience Every team member loves to travel and is happy to share this knowledge through working out great incentives and events. Over the years, the office has accumulated much experience and relationships in various destinations. We are fully immersed in this world, so we are up to date with current trends.

Lay back, relax and enjoy your incentive / event All you need to do is forward your request and enjoy the final result: an incentive or event tailored to your company. Our team is available from A to Z, to follow up the project and answer all your wishes. We strive for the real WOW effects, authentic experiences and have an eye for the small but important details.

Happy customers Feel free to ask, we already have a large record of satisfied customers. Certainly, the personalized branded application that we create for both small and large incentives is appreciated every time! We like to be challenged and do not shy away from difficult questions! Take a chance, you will not be disappointed.

SUSTAINABILITY

In an era where environmental consciousness is paramount, the travel industry stands at a crossroads. At Xperience we recognize that the future of travel lies in sustainability. That's why we started a partnership with **GO FOREST**.

GO FOREST is a young company that works together with partners that have been working on reforestation, agroforestry and mangrove planting for about 15 years. They support the UN Sustainable Development Goals which means the actions have a positive ecological, social and economical impact. They look for partnerships with like-minded companies that want to invest in a greener world.

Transparency is very important when it comes to sustainability initiatives. Want to see which projects we support? Feel free to look at our impact board:

impact.gofamily.be/en/partners/xperience-tice

Do you want to compensate your trip by planting some trees? That is certainly possible! Feel free to ask us for more info.
